Attachments: Anza2012HourlyLoad.xlsx; AZCO 2013 Supply Forms for Small POUs & Co-ops 04-19-2013 .xlsx

Categories: Ready to Docket

Attached are the CEC Electricity Data Request Forms for AEPCO serving the Anza Electric load. We did not fill out Tab S-5 Bilateral Contracts on the Small POU Supply Forms because the portion of Anza's load over our 10 MW ETC is calculated and served by the CAISO on a real-time hourly basis.

The hourly loads for the Supply Form S-3 do include Distribution Losses and are provided in a separate Excel spreadsheet.

If you have any questions concerning the data please contact Kristine McMinimy at the contact information below.
