

TO BE COMPLETED BY LOAD SERVING ENTITIES
REPORT TO THE ENERGY COMMISSION
WREGIS STATE/PROVINCIAL/VOLUNTARY COMPLIANCE REPORT
ATTESTATION FORM

I, (print name and title) _____, declare under penalty of perjury that the statements contained in all WREGIS State/Provincial/Voluntary Compliance report attachments and supporting energy delivery documentation, and or other related attachments are true and correct and that I, as an authorized agent of (print name of company) _____, have authority to submit this report on the company's behalf.

I further declare that the amounts claimed in the WREGIS report attachments, are to the best of my knowledge, sold once and only once to retail consumers. The renewable electricity and associated renewable energy credits used for RPS compliance have not otherwise been, nor will be, sold, retired, claimed, or represented as part of electrical energy output or sales, or used to satisfy obligations or claims in any other jurisdiction or renewable energy program (including voluntary programs), or for reasons other than to comply with California's Renewables Portfolio Standard.

To count generation from facilities not directly connected to a California Balancing Authority (CBA) and, therefore, scheduling electricity scheduling energy into a CBA or facilities using incremental energy scheduled into a CBA to firm and shape electricity for purposes of RPS compliance, the facility must enter an ownership, or power purchase, agreement with the publicly owned utility, retail seller or procurement entity and electricity must be delivered to a market hub (also referred to as "zone") or point of delivery (also referred to as "node") directly interconnected to a CBA. The requirements of the foregoing sentence do not apply to retail sellers subject to Public Utilities Code Section 399.17 or POU's subject to 399.18 or 399.30(h).
