Subject: RE: Natural Gas Pipeline
Attachments: PSEGS Revised Natural Gas Pipeline Description.docx; Relocated Natural Gas Pipeline Drawing.pdf

Christine: Per your request, attached is a Word file which contains an updated project description for the gas pipeline. The map showing the new alignment was previously docketed on March 15, 2013 and is posted on the CEC website, but I am reattaching here for your convenience.

Subject: Natural Gas Pipeline

California Energy Commission

DOCKETED

09-AFC-7C

TN 70799

MAY 14 2013

Andrea,

I need to get a revised project description for the gas pipeline based on the revised map that you provided. What we have right now reads as follows:

The Approved Project did not include a natural gas supply pipeline but rather was approved to use LPG for its auxiliary fuel. The Modified Project will use natural gas to fire its auxiliary and nighttime preservation boilers. The natural gas supply for PSEGS will be provided by SoCal Gas, which will upgrade and extend an existing distribution line from its main transmission gas pipeline located approximately 1.8 miles west and south of the site. The existing distribution facilities will be upgraded from a 4 inch pipeline to an 8 inch pipeline. Additionally, SoCal Gas will permit and construct a new 8 inch gas pipeline extension from the current retail meter point to the new PSEGS meter to be located within the common area. SoCal Gas will construct, own and operate the new distribution line as part of its extensive gas supply system.

The Approved Project did not include a natural gas supply pipeline but rather was approved to use LPG for its auxiliary fuel. The Modified Project will use natural gas to fire its auxiliary and nighttime preservation boilers. The natural gas supply for PSEGS will be provided by SoCal Gas via a new pipeline that will extend southward from the site and interconnect with an existing SoCal Gas transmission pipeline located just south of I-10. The new gas pipeline will be approximately 8-inches in diameter and will be approximately 2956 feet long and will be constructed within a previously surveyed corridor as shown on Figure 2.1-6, dated and docketed on March 15, 2013. SoCal Gas will construct, own and operate the new gas pipeline as part of its extensive gas supply system.

DECLARATION OF SERVICE

I, Marie Fleming, declare that on March 15, 2013, I served and filed copies of the attached **RELOCATED NATURAL GAS PIPELINE DRAWING**, dated, March 15, 2013. This document is accompanied by the most recent Proof of Service, which I copied from the web page for this project at: <http://www.energy.ca.gov/sitingcases/palen/compliance/>.

The document has been sent to the other parties in this proceeding (as shown on the Proof of Service) and to the Commission's Docket Unit, as appropriate, in the following manner:

(Check one)

For service to all other parties and filing with the Docket Unit at the Energy Commission:

I e-mailed the document to all e-mail addresses on the Service List above and personally delivered it or deposited it in the US mail with first class postage to those parties noted above as "hard copy required"; **OR**

Instead of e-mailing the document, I personally delivered it or deposited it in the US mail with first class postage to all of the persons on the Service List for whom a mailing address is given.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that I am over the age of 18 years.
