**SUBJECT: GWF TRACY POWER PLANT, 08-AFC-7C
COMPLIANCE WITH PRE-OPERATION CONDITIONS OF
CERTIFICATION**

Dear Ms. Lee:

This letter confirms that the GWF Tracy Power Plant has satisfied, and is in compliance with, each of the conditions of certification required prior to the start of operations by the California Energy Commission final decision. Commencement of commercial operation, therefore, has Energy Commission approval.

We appreciate your diligent work with us during the construction phase and are pleased to note that the facility is ready to take over a critical role in providing efficient and reliable electrical generating resources located in the load center of the San Joaquin County and City of Tracy region.

The GWF Tracy Power Plant remains obligated to comply with all conditions of certification in the final decision and imposed in the amendment, that relate to operation of the power plant.

If you have any questions, please call me at 916-654-4781 or send an e-mail to craig.hoffman@energy.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Hoffman".
