Docket No. 09-RENEW EO-01
1516 Ninth Street
Sacramento, CA 95814-5512

RE: Desert Renewable Energy Conservation Plan (DRECP)

Dear Mr. Harlow:

As the representative of the 33rd District of the California State Assembly, I am writing to draw to your attention the need for public meetings in my district's respective areas, which according to the Draft Desert Renewable Energy Conservation Plan (DRECP), will be most impacted by the proposed plan. The residents of Lucerne Valley and the greater Barstow area have voiced their concerns to me that no public meetings have been held in or near the proposed renewable energy development focus areas (DFAs) in San Bernardino County. Residents deserve to be heard on this important issue.

The DRECP has the potential to adversely affect the targeted areas and severely impact the economies of rural desert communities, such as Lucerne Valley. I appreciate your prompt attention to this important matter. If I may be of assistance to you in facilitating public meetings in the Lucerne Valley and Barstow areas, please do not hesitate to contact me.

Godspeed,

Tim Donnelly
Assemblyman, 33rd District
