

June 26, 2013

Dale Rundquist
Compliance Project Manager
California Energy Commission
Siting, Transmission, & Environmental Protection (STEP) Division
1516 Ninth Street, MS-2000
Sacramento, CA 95814-5512

Dear Mr. Rundquist:

A request for an amendment to the Conditions of Certification for SEGS VIII Harper Lake (88-AFC-1) and SEGS IX Harper Lake (89-AFC-1) located at 43880 Harper Lake Road, Hinkley, CA 92347 for the construction of a combined employee break room and training/conference facility was submitted on June 3, 2013.

This letter is an addendum to that request and serves to provide additional clarification to that original request.

The proposed building will be located in the shared area between the two facilities and will be part of the building complex that was constructed as part of the original SEGS VIII construction. As such the proposed building should be considered as an amendment to the Conditions of Certification for SEGS VIII (88-AFC-1) only.

Should you have any questions or require additional information please contact me at (760) 762-5562 extension 395, or Glen King at (760) 762-3100 extension 231.

Sincerely,

A handwritten signature in black ink that reads "Rfimbres".

Robert Fimbres
Plant General Manager
