Hi Christine.

Thanks for getting back to me.

Here is my question:

Page 6.3-2 of the Petition to Amend states:

“With the Modified Project, truck trips are forecasted to generate an average of 20 daily truck trips... with a peak of 45 daily truck trips...” (I removed the “per hour” language because we confirmed through a data request/response that this was an error.)

Are these one-way trips or roundtrips? I’m guessing that they are one-way, but I’d like to confirm.

Thanks!

Andrea
