LIST: Notice of Changes to Proposed Regulations and Notice of 15-
day Comment Period Regarding Proposed Regulations Establishing Enforcement Procedures for the Renewable Portfolio Standard for Local Publicly Owned Electric Utilities

Melissa,

Written comments are due by 4:00 pm on May 6, and instructions for submitting written comments are on page 3 of the posted Notice. You can also provide oral and written comments at the Business Meeting on May 8.

There is no summary of the changes made to the regulations, but as you saw, the changes from the 45-day language are shown in underline/strikeout. Some changes are just clarifying, but others are substantive.

Subject: FW: RENEWABLE-LIST: Notice of Changes to Proposed Regulations and Notice of 15-day Comment Period Regarding Proposed Regulations Establishing Enforcement Procedures for the Renewable Portfolio Standard for Local Publicly Owned Electric Utilities

Angie,

Good morning. I just wanted to confirm with you that this notice below is for a 15-day comment period on the proceeding that is ending 5/8/2013? The notice on the website doesn't seem to clearly state the deadline for comments, but just indicates there is the hearing on May 8th. I am assuming the 15-day comments are due on May 8th as well and I just want to confirm. Also, in general are the changes being made for the 15-day just general clarifying rule language? I saw the red underlining in the document online, but didn't see any summary provided for what 15-day change changes were being made. Just hoping you can provide a little clarification if possible.

I appreciate your help.

Sincerely,

Melissa Patra Martin
