Hello Ms. Driskell,

Thank you for your telephone call and follow-up email.

Reference is made to Public Recourses 25402

The following "**Supplemental Information**" is pursuant to the "**Petition**" I submitted dated July 02, 2013, a copy of which is attached for ready reference:

1. The moratorium I seek is for **new buildings only** as part of the proposed 2013 Nonresidential Building Energy Standards.
2. The moratorium would **NOT include** the Standards as relates to **appliances**.
3. My petition is for a **moratorium of three (3) years** from the proposed effective date of January 01, 2014. So the new effective date of the "Standards" would be January 01, 2017.
4. In the alterative to number 3 above, and in the event a three year moratorium is not granted, I propose a **moratorium of two (2) years**. So the new effective would be January 01, 2016.

Thank you for your consideration in this matter.

Respectfully submitted,

George Athans,
