Hi Prop39 Folks,

I attended the Prop 39 Webinar on October 16 and had a few question as a result:

- 1) During the webinar's Q&A, a district could opt to submit one 5-year plan to the CDE rather than annually or quarterly. For the purpose of calculating the Prop 39 contribution, the district could use the 2013 allocation as an assumed value over the next 4 years. According to the draft guidelines "Complete and Submit an Energy Expenditure Plan" it seems this is actually only an option for districts receiving less than \$50k/yr. Could you update the guidelines to include this option for all districts?

Thanks,
Melissa
