Subject: California IOU Title 20 proposed water efficiency standards. FOR DOCKET docket number (12-AAER-2C)

Categories: Raquel

I am writing to support the proposed California IOU Title 20 proposed water efficiency standards.

I have been working as a water efficiency consultant all around the US for over 20 years including developing curriculum and teaching classes on the subject in California.

Thanks for your attention to this subject that can be part of the solution to a matter of major importance to California and our country.

Michael
