California Energy Commission

DOCKETED

14-NGVI-01

TN 73504

AUG 01 2014

Request to open a docket:

PON-13-610 Natural Gas Vehicle Incentives program requires a docket number to receive applications for confidentiality which have been previously submitted and may be submitted in the future by entities participating in the program. At this point only Auto Car has ever filed any applications for confidentiality although there are many other entities involved in the program. I suggest we use the docket number 14-NGVI-01 for Natural Gas Vehicle Incentive. That way the docket will describe the program and not be specific to Auto Car. All prior Auto Car filings should be included in the new docket.

The staff that should be notified when documents come in are:

Debbie Jones

Andre Freeman
