Dear Jenness McBride and other DRECP Team members,

I am writing on behalf of the San Diego Audubon Society to request an additional 90 days for the public to submit comments on the Draft DRECP. As you know, the Draft is incredibly large and difficult to navigate.

I would also like to request another round of public hearings. The public was not given much notice in advance of the first round of hearings and another round of hearings would give us time to reach out to our constituencies and urge them to attend.

Thanks very much for your consideration. Please add the San Diego Audubon Society, using my email address, to your email list for all notices of meetings related to this plan.

Best Regards,
