

Draft Desert Renewable Energy Conservation Plan (DRECP) and Environmental Impact Report/Environmental Impact Statement (EIR/EIS)

Comment Form

California Energy Commission DOCKETED 09-RENEW EO-1 TN # 74525 FEB 13 2015

Commenter: __Matilde Reyes (your name, including affiliation, if applicable)

Contact Information: reyesmatide3@gmail.com (your email address, phone number, and or mailing address).

When submitting comments on the Draft DRECP and EIR/EIS, please include the name and means of contact for a person who would be available for later consultation if necessary. Please note that public comments and information submitted will be available for public review at www.drecp.org. Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that any information submitted as part of your comment will become part of the public record. Additionally, this information may become available via Google, Yahoo, and any other internet search engines. You may choose to withhold contact information, but the agencies will not be able to consult with you if clarification of your comment is needed. While you may request in your comment to withhold your personal identifying information from public review, agencies cannot guarantee the ability to do so.

						Distributed Generation as an alternative to the DRECP Draft was not included. This alternative MUST be included simply because it's more sustainable than all the other alternative listed on the draft. The destruction of thousands of miles of our California desert is NOT acceptable. Utility scale wind and solar projects create more environmental problems than they solve. We are at a very delicate/fragile point in history. The decisions made now will determine the wellbeing of our natural environment and of our society. You must include Distributed Generation as an alternative!
