

# Monterey Bay Chapter

California Energy Commission <b>DOCKETED</b> <b>15-MISC-01</b>
TN # 74659 FEB 23 2015

February 23, 2015

Dear Members of the California Energy Commission:

The Monterey Bay Chapter of the International Code Council respectfully requests the California Energy Commission schedule a public proceeding for Docket #15-MISC-01. It is the intent of our Chapter to encourage cooperation between the Commission and the public. Chapter members have experienced some difficulty effectively enforcing the new Energy Code regulations and believe public input is imperative to help shape the code in a way which will improve our ability to implement code regulations.

The Monterey Bay Chapter of the International Code Council's membership includes building officials from over 15 local jurisdictions. At our most recent meeting on February 19th, members in attendance voted unanimously to submit this request for the scheduling of a public proceeding to evaluate the docket.

Thank you for your consideration,

John D. Kuehl  
 President  
 Monterey Bay Chapter ICC
