Hello,

Yes, I believe so, I could not find any document number, The title of the Plan is: County of San Bernardino Position Paper on Draft Desert Renewable Energy Conservation Plan dated 3 Feb. 2015. DRECP DFA ESA. Any document that has to do with Newberry Springs.

It would be great if whatever is planned is a win- win situation for all involved. Like if the solar wind mills are put on private land, the owners would get paid and you (whoever you are) would get the energy and everyone would benefit.

Thanks,  
Veronica Shaw

Good afternoon Ms. Shaw

We need to know what you are referring to so we can docket it accordingly.

Is this a comment for the DRECP NEPA/CEQA?

Please advise. Thank you,

Patty

Hello Ms. Paul,

How do I provide a docket number?

Thanks,

Veronica Shaw

Hello,

We are concerned about keeping what we have in Newberry Springs. Preserving the land and water.

What would having all the solar energy project mean to us in Newberry? What is the bottom line?
