Dear Habitat Conservation Planning Branch representative,

This is Peter Strait with the California Energy Commission's Building Standards Office. Attached is an application for a No Effect Determination for our office's triennial update to the Title 24, Part 6 Building Energy Efficiency Standards (or Energy Code).

I didn't find from your website that anything needed to accompany the application form, though if there is anything else we need to submit or if your office has any questions then please let us know. We are happy to work with you.

Thank you,

Peter Strait
