**Docket No. 15-BSTD-01**

**MARCH 27, 2015**

The California Energy Commission previously issued a Notice of Proposed Action<sup>1</sup> that set a date of April 8, 2015, for consideration and possible adoption of the proposed 2016 update to the Building Energy Efficiency Standards, Title 24, Part 6, and associated administrative regulations in Part 1, Chapter 10 of the California Code of Regulations.

Please be advised that the Efficiency Lead Commissioner of the California Energy Commission has directed Energy Commission staff to develop revisions to the proposed Standards to address comments that were received at the March 2 and 3, 2015 hearing, and in writing during the public comment period.

**As a result, the Energy Commission will not consider adoption of these proposed Standards on April 8, 2015. The hearing date for consideration and possible adoption of the proposed update has been postponed to a later date to be announced.<sup>2</sup>**

The Energy Commission will publish additional proposed changes to the Standards as "15-Day language" at a date after April 8, 2015<sup>3</sup>. A notice will be made at that time that specifies the date when the Energy Commission will consider adopting the "15-Day language."
