RE: Cancellation of Request for Extension of Renewables Portfolio Standard (RPS)  
Certification Deadline for the Walnut Valley Water District – Unit 1 Facility (CEC-RPS-ID  
#60333E)

Dear Ms. Shaw:

This is response to your February 24, 2015 letter requesting an extension of the RPS certification application deadline for the Walnut Valley Water District – Unit 1 conduit hydroelectric facility and your subsequent letter dated March 24, 2015 requesting to rescind that request due to the expiration of your power purchase agreement with Southern California Edison and your intent to seek a new contract with Southern California Edison.

Your request for extension is hereby cancelled. As you requested, Energy Commission staff will review and process the application for certification submitted on February 24, 2015, and will contact you for additional information if needed.

If you have further questions about this matter, please contact Lynette Green at [Lynette.Green@energy.ca.gov](mailto:Lynette.Green@energy.ca.gov) or 916-653-2728.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Oglesby", with a long horizontal flourish extending to the right.

Robert P. Oglesby  
Executive Director
