Subject: Regulation approval request response regarding 2015 Triennial Rulemaking
Cycle modifications to CCR, Title 24, Part 1 and Part 6 by the California Energy
Commission.

This letter is in response to amendments proposed by the California Energy Commission (CEC) as required pursuant to Health and Safety Code (H&SC), Section 18930(a)(9), "The proposed building standard, if it promotes fire and panic safety as determined by the State Fire Marshal, has the written approval of the State Fire Marshal."

The State Fire Marshal reviewed the following proposed revisions to regulations to Title 24, Part 1 and Part 6, 2016 Building Energy Efficiency Standards. As a result, the Office of the State Fire Marshal finds no conflict in the proposed changes and therefore, approval is granted.
