Subject: HERS Raters need to be "Independent"

Hello Rachel,

I just wanted you know that in my opinion, HERS Raters need to remain independent 3rd party inspectors. I believe if HERS raters are pulling permits for HVAC contractors in order to obtain that contractors' HERS rating business, that this is a clear violation of that 3rd party status. I am asking that the CEC recall their stated interpretation of the HERS Rater Conflict of Interest rules pertaining to this practice.

Regards,
Linda
