California Energy Commission
Docket No. 14-EUDP-EMY-01
February 26, 2015

This statement is being provided pursuant to Title 1, Section 50 of the California Code of Regulations, to confirm that the California Energy Commission (the Commission) published and distributed a Notice of Emergency Rulemaking Action for the above-captioned emergency rulemaking, as required by Government Code section 11346.1(a)(2) and section 48 of Title 2 of the California Code of Regulations. On February 18, 2015, the Commission published on its website the Notice of Emergency Rulemaking Action, attached hereto as **Attachment 1**, and sent the notice by email to every person who has filed a request for notice of regulatory action relating to this program with the Energy Commission. This notice included the information required by Government Code section 11346.1(a)(2), and the language required by Title 1, section 48 of the California Code of Regulations.

On February 25, 2015, the Energy Commission readopted the Emergency Regulation and the Finding of Emergency. The signed Resolution Readopting the Emergency Regulation and the Finding of Emergency is attached hereto as **Attachment 2**. Both of Emergency Regulation and the Finding of Emergency were initially adopted by the Commission on July 18, 2014, and are substantially unchanged.

This statement is also being provided pursuant Title 2, section 50(b)(1), to confirm that the Energy Commission has made substantial progress to certify and make permanent the Emergency Regulation through a separate rulemaking, as required by Government Code sections 11346.1(e) and (h). A Notice of Proposed Action to certify and make permanent the Emergency Regulation was filed in the California Register on February 13, 2015. The Office of Administrative Law's Notice File Number for this proceeding is z-2015-0203-07, and the Energy Commission Docket Number is 15-OIR-03. The emergency circumstances are substantially unchanged since initial adoption of the Emergency Regulation.
