**(TO BE COMPLETED BY PUBLICLY OWNED UTILITIES)**  
**Section 399.30(j) Eligibility Report to the California Energy Commission for the**  
**Renewables Portfolio Standard Program Attestation**

I am an authorized officer or agent of the local publicly owned electric utility (POU), as noted below, and hereby submit this report and attest to the following on behalf of the POU:

- 1) I am an authorized officer or agent of the POU for which this report was prepared, and have authority to submit this report on behalf of the POU;
- 2) The information and data provided in this report, including information provided in any supporting documents submitted with the report, are submitted to the California Energy Commission in accordance with the Renewables Portfolio Standard Eligibility Guidebook and the Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities, as codified in Title 20, California Code of Regulations, section 1240 and 3200 - 3208, for use in verifying the POU's eligibility for the alternative compliance obligations of Public Utilities Code section 399.30 (j) for purposes of the Renewables Portfolio Standard (RPS);
- 3) I have read the Renewables Portfolio Standard Eligibility Guidebook and the Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities and understand the provisions, eligibility criteria, and requirements of the guidebook and these regulations, including my responsibilities under the guidebook and regulations to provide additional information for RPS verification purposes if requested by the Energy Commission; and
- 4) I declare under penalty of perjury that the information and data provided in this report, including information provided in any supporting documents submitted with the report and listed below, are true and correct to the best of my knowledge.

Signed: \_\_\_\_\_ Dated: \_\_\_\_\_

### POU Eligibility Under Section 399.30(j)

Use this form to determine the eligibility of a POU for the alternative compliance obligations of Public Utilities Code section 399.30(j) in accordance with section 3204 (a)(7) of the Energy Commission's regulations, *Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities*.

This form is due October 31, 2013, for eligibility for Compliance Period 1 (2011-2013) and 90 calendar days after the end of each compliance period thereafter to determine eligibility for the subsequent compliance period.

1. Does the POU provide electric services to a local government that is both a city and county of California?

2. Provide the total annual Qualifying Hydroelectric Generation from the facilities listed in Question 3 and the POU's total annual electricity demand for each of the seven calendar years immediately preceding the end of the compliance period.

| Year           | Qualifying Hydroelectric Generation (MWh) <sup>1</sup> | Electricity Demand (MWh) <sup>2</sup> |
|----------------|--|---------------------------------------|
| 2007           |  |                                       |
| 2008           |  |                                       |
| 2009           |  |                                       |
| 2010           |  |                                       |
| 2011           |  |                                       |
| 2012           |  |                                       |
| 2013           |  |                                       |
| <b>TOTAL</b>   | 0.0000   | 0.0000                                |
| <b>Average</b> | 0.0000   | 0.0000                                |

**Section 399.30(j) Eligibility Report for Publicly Owned Utilities**

CEC-RPS-399 (Revised 05/2015)

| 3. | Identify the following information for each sale or transfer of eligible renewable resources to a POU from an eligible hydroelectric unit operated as part of a water supply or conveyance system, up to 100,000 MWh of eligible renewable energy resources. |            |  |                    |
|----|--|------------|--|--------------------|
|    | Year   | Buying POU | Eligible Water Supply & Conveyance Unit RPS ID | Total (Cumulative) |
|    | 2011   | 62549A     | 62550A   | 62551A             |
|    | 2012   |            |  |                    |
|    | 2013   |            |  |                    |
|    | 2014   |            |  |                    |
|    | 2015   |            |  |                    |
|    | 2016   |            |  |                    |
|    | 2017   |            |  |                    |
|    | 2018   |            |  |                    |
|    | 2019   |            |  |                    |
|    | 2020   |            |  |                    |

**(TO BE COMPLETED BY PUBLICLY OWNED UTILITIES)  
Section 399.30(j) Eligibility Report to the California Energy  
Commission for the Renewables Portfolio Standard Program**

Enter the name of the Local Publicly Owned Electric Utility (POU) submitting this report and the Reporting Year(s) covered by the report. POU's that meet the criteria of Public Utilities Code section 399.30 (j) in accordance with section 3204 (a)(7) of the Energy Commission's *Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities* should complete this form.

|                                   |  |
|-----------------------------------|--|
| POU                               |  |
| Reporting Years Covered in Report |  |

E-mail the electronic file of the completed report to the address shown below. Then print out the file, sign the attestation, and mail the report and any attachments to the address shown below:

**California Energy Commission**  
e-mail: [RPSTrack@energy.ca.gov](mailto:RPSTrack@energy.ca.gov)  
**Renewable Energy Office**  
Attn: RPS Verification  
California Energy Commission  
1516 9th Street, MS-45  
Sacramento, CA 95814-5555

This report is due 90 calendar days after the end of each compliance period to determine eligibility for the subsequent compliance period.

Energy Commission staff may request additional information from the POU to verify the POU's reported qualifying hydroelectric generation and electricity demand. If requested, an authorized officer or agent of the POU must submit additional information.

**(TO BE COMPLETED BY PUBLICLY OWNED UTILITIES)**  
**Section 399.30(j) Eligibility Report to the California Energy Commission for the Renewables Portfolio Standard Program**

**399.30 (j) POU Eligibility Tab**

**Instructions** - Only POUs that meet the criteria of Public Utilities Code section 399.30 (j) should complete this tab. This tab is used to help demonstrate that the POU meets those criteria.

**FOOTNOTES**

|   |   |  |
|---|---|--|
| 1 | Qualifying Hydroelectric Generation (MWh) | Enter the number of MWh, rounded to the nearest ten-thousandth (for example, 8.1234 MWh), of generation from a facility that meets the following criteria:<br>1. The facility is located within California;<br>2. The facility is owned and operated by the POU;<br>3. The facility is a hydroelectric facility but does not meet the definition of a renewable electrical generation facility and is not RPS certified based on the definition of a renewable electrical generation facility. |
| 2 | Electricity Demand (MWh)                  | Enter the number of MWh, rounded to the nearest ten-thousandth (for example, 8.1234 MWh), of electricity demand. Electricity demand is the consumption of electricity by all end-use customers and their tenants, including but not limited to the POU itself.   |

**List of POU Names and Abbreviations:**

| Name                                 | Abbreviation |
|--------------------------------------|--------------|
| Alameda Municipal Power              | AMP          |
| Anaheim Public Utilities             | APU          |
| Azusa Light and Water                | ALW          |
| Banning, City of                     | BANN         |
| Biggs Municipal Services             | BMS          |
| Burbank Water and Power              | BWP          |
| Cerritos, City of                    | CERR         |
| City and County of San Francisco     | CCSF         |
| Colton Electric Department           | CLTN         |
| Corona Department of Water and Power | CDWP         |
| Eastside Power Authority             | ESPA         |
| Glendale Water and Power (GWP)       | GLEN         |
| Gridley Electric Utility             | GEU          |
| Healdsburg Electric Department       | HED          |
| Hercules Municipal Utility           | HMU          |
| Imperial Irrigation District (IID)   | IID          |
| Industry, City of                    | INDY         |
