

Docket # 15-BSTD-01

6/3/15

To Whom It May Concern;

I am writing to express support for adoption of 15-Day Language for the 2016 Energy Efficiency Building Standards. The changes, while they do not go far enough to realize the full potential of the retrofit market, will definitely improve the situation on the ground and lead to an increase in jobs being completed and kWh reduction achieved.

Sincerely,

Bret Walburg
