Subject: Title 24 2016/Docket 15-BSTD-01/Lighting Modifications & Alterations

California Energy Commission

DOCKETED

15-BSTD-01

TN # 7621 Ì

OCT 22 2015

Dear Staff Member Ollie Awolowo,

Please accept this email as evidence of our desire to urge Commissioner Karen Douglas to lend her support to the changes to the 2016 Title 24 Lighting Modifications and Alterations language developed by California Retrofit Stakeholders. We understand that **if CEC doesn't act tomorrow Friday October 23, 2015 to put this item on their November 12th agenda, CEC will be unable to make any changes to the current Code until 2020.**

As a company and from our own experience we can attest to the fact that Code-triggering lighting retrofits in most markets across California have almost entirely stopped and that if we are to ensure that businesses once again choose to upgrade lighting equipment rather than maintain existing inefficient systems, current Code needs to be improved.

Cordially,

John Arens
President
