**Subject:** Docket # 15-BSTD-01, Adoption of 15-Day Language for the 2016 Energy Efficiency Building Standards

CEC,

Regency Lighting supports the proposed 2016 Title 24 15-Day Language on Lighting Alterations and strongly urges the Commission to vote on November 12<sup>th</sup> to adopt.

We have seen a huge drop in energy efficient lighting projects because of the additional cost of lighting controls required.

Not doing energy saving projects is not a good solution to reducing energy consumption.

Please vote to adopt the new language.

Thank you,

**Jeff Spedding**
