Background

The Compliance Office is currently updating its DCBO selection process. Draft versions of the RFQ templates and exhibits are now available on the Energy Commission's Siting webpage under the heading: "Special Siting Division Meetings and Workshops" at <http://www.energy.ca.gov/siting/>. At the workshop we will discuss the goals and

objectives of the new process, outline the updated DCBO approval and selection procedures, provide an overview of the contracting materials included with each draft RFQ template and discuss the anticipated RFQ processing and DCBO deployment timelines. We are seeking stakeholder collaboration to provide review and comments on the selection process and the drafts. Your insights, perspective and expertise are vital to helping the Energy Commission finalize this process to the benefit of all parties.
