David Hochschild, the Lead Commissioner for Renewable Energy at the California Energy Commission, will conduct a workshop to solicit input on the renewable energy component of the integrated resource plans (IRPs) required for certain publicly owned utilities (POUs). The goal of the workshop is to learn from POUs the opportunities and barriers they foresee facing in achieving the state's 50% RPS target and to solicit information to inform the creation of draft IRP Guidelines.

1:00 pm: Introduction and opening remarks (Commissioner David Hochschild)

1:15 pm: RPS and IRP Background, Renewables Component (Courtney Smith, Renewable Energy Division)

1:30 pm: Meeting SB 350 RPS Goal
- **California's Clean Energy and Climate Goals** (Laura Wisland, Union of Concerned Scientists)
- **Achieving 50% RPS** (Nick Schlag, E3)

2:15 pm: Presentations by POUs and their Representatives:
