**Notice of Availability of the
Final Renewables Portfolio Standard
Verification Results Reports for Local Publicly Owned
Electric Utilities, Compliance Period 1
CEC-300-2017-003-CMF – CEC-300-2017-044-CMF
Docket No. 11-RPS-01**

The California Energy Commission adopted the *Final Renewables Portfolio Standard Verification Results Reports* for local publicly owned electric utilities (POUs) for Compliance Period 1 (2011-2013), (*RPS POU Verification Results Reports [CP 1]*) at its January 25, 2017, Business Meeting with non-substantive changes, which include changing the report titles to *Commission Final Report*. The *RPS POU Verification Results Reports (CP 1)* are now available from the Energy Commission's website at:

http://www.energy.ca.gov/portfolio/documents/rps_verification_pous.html

The *RPS POU Verification Results Reports (CP 1)* detail the Energy Commission's RPS procurement verification findings for 42 POUs for the years 2011 through 2013. This is the first issuance of verification results for POUs.

Each *RPS POU Verification Results Report (CP 1)* provides the following information:

- The amount of eligible renewable energy procured by the POU;
- The Portfolio Content Category (PCC) classification of that eligible renewable energy;
- The POU's procurement target and portfolio balance requirements;
- Any optional compliance measures being applied by the POU; and
- The POU's additional procurement above requirements, which may be applied to a future compliance period.

The *RPS POU Verification Results Reports (CP 1)* were adopted for the following 42 POUs:

Alameda Municipal Power
Anaheim Public Utilities
Azusa Light and Water
Banning, City of
Biggs Municipal Services
Burbank Water and Power

Cerritos, City of
Colton Electric Department
Corona Department of Water and Power
Eastside Power Authority
Glendale Water and Power

San Francisco, City and County of
Shasta Lake, City of
Silicon Valley Power
Stockton, Port of
Truckee Donner Public Utility District
Turlock Irrigation District
Ukiah Electric Utility
Vernon, City of
Victorville Municipal Utility Services

The verification results provided in the *RPS POU Verification Results Reports (CP 1)* are not a compliance determination. The Energy Commission is responsible for determining POU compliance with the RPS. After the Energy Commission adopts a POU's verification results, it will begin the process of determining if the POU complies with the RPS requirements for CP 1, in accordance with the *Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities*, as set forth in the California Code of Regulations, Title 20, Sections 1240 and 3200-3208.

These reports are available free from the Energy Commission's website at:

http://www.energy.ca.gov/portfolio/documents/rps_verification_pous.html
