## Notice to Extend Comment Period for Two IEPR Workshops on Transportation Electrification

This notice extends the public comment period for the following two IEPR workshops:

- 1) April 18, 2017, workshop titled *Publicly Owned Utility Integrated Resource Plans Transportation Electrification, Light-Duty Vehicles Sector*
- 2) April 27, 2017, workshop on *Integrated Resource Plans – Medium- and Heavy-Duty Vehicle Sector*

For both workshops, **the due date for written comments is extended to May 19, 2017**, as discussed below.

On April 18, 2017, the California Energy Commission conducted a workshop to discuss publicly owned utility (POUs) transportation electrification planning in the light-duty vehicle sector as part of the *2017 Integrated Energy Policy Report (IEPR)* proceeding. POUs must address transportation electrification in their Integrated Resource Plans (IRPs), as specified in Senate Bill 350, the Clean Energy and Pollution Reduction Act (de León, Chapter 547, Statutes of 2015). At the workshop, Jonathan Changus from the Northern California Power Agency requested an extension of the public comment due date from April 28, 2017, as originally [noticed](#), to May 2, 2017. This notice provides a response to the request for extension.

The Energy Commission set the April 28, 2017, due date to allow written comments to be reflected in the Draft IRP Guidelines for POUs that will be discussed at an IEPR workshop on May 25, 2017. Additionally, a second workshop is scheduled on April 27, 2017, to discuss transportation electrification in the medium-duty, heavy-duty, and off-road vehicle sectors. The [workshop notice](#) for the April 27, 2017, workshop identifies May 5, 2017, as the public comment period due date, which also would allow written comments to be reflected in the Draft IRP Guidelines.

The Energy Commission wants to encourage stakeholders to provide robust comments for both transportation electrification workshops. **Therefore, the public comment period for both the April 18, 2017, and the April 27, 2017, workshop is extended to May 19, 2017.** This will give adequate time to stakeholders to submit comments for both workshops, and will give Energy Commission staff sufficient time to review and consider those comments to be reflected in the Final IRP Guidelines.

Discussions and oral comments received during both workshops may be reflected in the Draft IRP Guidelines.

## **How to Submit Written Comments**

Written comments should be submitted to the Dockets Unit by **5:00 p.m. on May 19, 2017**. All written comments will become part of the public record of this proceeding.

**For the 2017 IEPR, the Energy Commission is using an electronic commenting system.** Visit the website at [http://www.energy.ca.gov/2017\\_energypolicy/](http://www.energy.ca.gov/2017_energypolicy/) and click on the “**Submit e-Comment**” link in the “Proceeding Information” box. From the drop down menu, please select the appropriate docket number, **17-IEPR-07 – Integrated Resource Planning**.

This will take you to the page for adding comments to that docket. Please enter your contact information and comment title. Under “subject(s),” select the appropriate IEPR workshop date, “IEPR 2017-04-18 Workshop” or “IEPR 2017-04-27 Workshop” and “IEPR public comments.” You may include comments in the box titled “Comment Text” or attach a file with your comments. Attached comments must be in a Microsoft® Word (.doc, .docx) or Adobe® Acrobat® (.pdf) formatted file.

The Energy Commission encourages use of its electronic commenting system, but written comments may also be submitted by e-mailing them to the Dockets Office, or by U.S. Mail to:
