## **Notice of Staff Workshop on the 2019 CALeVIP Projects Roadmap**

California Energy Commission staff will conduct a public workshop for the 2019 CALeVIP Projects Roadmap, a presentation of the plan to release four incentive projects in 2019 under the California Electric Vehicle Infrastructure Project (CALeVIP), which is funded by the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). The Commission is seeking input from stakeholders to inform the 2019 CALeVIP Projects Roadmap. Commissioners from the California Energy Commission may attend this workshop. The workshop will be held on:

**October 4, 2018**  
 2:00 p.m.–5:00 p.m.  
 Salinas City Hall  
 200 Lincoln Avenue  
 Salinas, CA 93726  
 (Wheelchair Accessible)

Remote Access Available by Computer or Phone via WebEx™  
 (Instructions below)

### **Background**

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007), created the ARFVTP. The statute authorizes the Energy Commission to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state's climate change goals. Assembly Bill 8 (Perea, Chapter 401, Statutes of 2013) reauthorized the ARFVTP through January 1, 2024.

As of April 2018, the Energy Commission has invested nearly \$79.9 million through the ARFVTP for almost 8,700 charging connectors at public and private sites in California. To provide more focused plug-in electric vehicle (PEV) infrastructure projects that will target more specific projects and gaps in charging availability, the Energy Commission issued Grant Funding Opportunity (GFO)-16-603 to seek a block grant recipient to design and implement up to \$200 million in grant funds through various PEV charger

incentive projects throughout California. The Center for Sustainable Energy (CSE) was approved as the grant agreement recipient at the Energy Commission's April 2017 business meeting.

The first incentive project under CALeVIP, the Fresno County Incentive Project (FCIP), launched in December 2017 and offers rebates for the purchase and installation of level 2 chargers within Fresno County. FCIP is currently funded for \$4 million.

The second incentive project under CALeVIP, the Southern California Incentive Project, launched in August 2018 and offers rebates for the purchase and installation of DC fast chargers within the counties of Los Angeles, Orange, Riverside, and San Bernardino. The Southern California Incentive Project is currently funded for \$29 million.

Energy Commission staff worked with CSE to develop the 2019 CALeVIP Projects Roadmap (2019 Roadmap), which is a plan to release four individual CALeVIP incentive projects in 2019. The 2019 roadmap details the four project regions, the timeline, the available funding and general requirements.

The four incentive projects, including their eligible regions are:

1. The Sacramento Incentive Project (Sacramento County).
2. The Northern California Incentive Project (Shasta, Humboldt, and Tehama counties).
3. The Central Coast Incentive Project (Santa Cruz, Monterey, and San Benito counties).
4. The Central Valley Incentive Project (Fresno, San Joaquin, and Kern counties).
  - a. FCIP will merge into the Central Valley Incentive Project.

Further details on the incentive projects will be discussed during the workshop. Energy Commission staff plans to hold four workshops, one in each of the four project regions, and present the same information at each workshop. **This workshop notice only includes the information for the Salinas workshop.** Information on the workshops for the Northern California, Central Coast, and Central Valley incentive project regions will be posted as they are scheduled.

## Public Comment

**Oral comments:** Staff will accept oral comments during the workshop. Comments may be limited to three minutes per speaker. Any comments may become part of the public record in this proceeding.

**Written comments:** Written comments should be submitted to the Dockets Unit by **5:00 p.m. on October 12, 2018**. Written comments will be also accepted at the workshop; however, the Commission may not have time to review them before the conclusion of the workshop.

Please note that your written and oral comments, attachments, and associated contact information (e.g., your address, phone number, and email address) become part of the

viewable public record. This information may become available via Google, Yahoo, and any other search engines.

The Energy Commission encourages use of its electronic commenting system. Visit the website at <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=17-EVI-01>.

This will take you to the page for adding comments to this docket. Please enter your contact information, any organization name, and a comment title describing the subject of your comments. You may include comments in the box titled "Comment Text" or attach a file in a downloadable, **searchable format** in Microsoft® Word (.doc, .docx) or Adobe® Acrobat® (.pdf). Maximum file size is 10 MB.

Written comments may also be submitted by emailing them (include the docket number 17-EVI-01 and Block Grant for Electric Vehicle Charger Incentive Projects in the subject line) to the Docket Unit at: [docket@energy.ca.gov](mailto:docket@energy.ca.gov)

If you prefer, you may send a paper copy of your comments to:

California Energy Commission  
Docket Unit, MS-4  
Re: Docket No. 17-EVI-01  
1516 Ninth Street  
Sacramento, CA 95814-5512

## **Public Adviser and Other Commission Contacts**

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission proceedings. If you want information on how to participate in this workshop, please contact the Public Adviser, Alana Mathews, at [PublicAdviser@energy.ca.gov](mailto:PublicAdviser@energy.ca.gov) or (916) 654-4489, or toll free at (800) 822-6228.

Please direct requests for Reasonable Accommodations to Erica Rodriguez at [Erica.rodriquez@energy.ca.gov](mailto:Erica.rodriquez@energy.ca.gov), at least five days in advance.

Media inquiries should be sent to the Media and Public Communications Office at [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov) or (916) 654-4989.

If you have questions on the subject matter of this workshop, please contact Brian Fauble at [brian.fauble@energy.ca.gov](mailto:brian.fauble@energy.ca.gov) or (916) 654-3974.

## **Remote Attendance**

You may participate in this workshop through WebEx, the Energy Commission's online meeting service. Presentations will appear on your computer screen, and you may listen to audio via your computer or telephone. Please be aware that the workshop may be recorded.

VIA COMPUTER: Go to <https://energy.webex.com/ec>. If this Event is shown on the list of events, click on its "Join" link. If it is not listed, click the "Unlisted Events" link on the left of your screen and enter the meeting number **929 450 447**. When prompted, enter your name and email address. No password is needed.

The "Join Conference" menu will offer you a choice of audio connections:

1. To call into the workshop: Select "I will call in" and follow the on-screen directions.
2. International Attendees: Click on the "Global call-in number" link.
3. To have WebEx call you: Enter your phone number and click "Call Me."
4. To listen over the computer: If you have a broadband connection, and a headset or a computer microphone and speakers, you may use VoIP (Internet audio) by going to the Audio menu, clicking on "Use Computer Headset," then "Call Using Computer."

VIA TELEPHONE ONLY (no visual presentation): Call 1-866-469-3239 (toll-free in the U.S. and Canada). When prompted, enter the unique meeting number: **929 450 447**. International callers may select their number from: <https://energy.webex.com/energy/globalcallin.php>.

VIA MOBILE DEVICES: Access to WebEx meetings is now available from your mobile device. To download an app, go to: [www.webex.com/products/web-conferencing/mobile.html](http://www.webex.com/products/web-conferencing/mobile.html).

Please be aware that WebEx audio and on-screen activity may be recorded. WebEx Technical Support is available at 1 (866) 229-3239.

## **Availability of Documents**

Documents and presentations for this workshop will be available online at: <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=17-EVI-01>.
