The Energy Commission will hold a business meeting on:

Wednesday, November 7, 2018
10:00 a.m.
CALIFORNIA ENERGY COMMISSION
1516 Ninth Street
First Floor, Arthur Rosenfeld Hearing Room
Sacramento, California 95814
(Wheelchair Accessible)

As part of the November 7, 2018, Business Meeting, the California Energy Commission will consider adopting the *Renewables Portfolio Standard 2014-2016 Retail Sellers Procurement Verification Lead Commissioner Report*.

More information about the November 7, 2018, Business Meeting, including the full agenda and instructions for participation is available on the Energy Commission's website at https://www.energy.ca.gov/business_meetings/.

Background

The *Renewables Portfolio Standard 2014-2016 Retail Sellers Procurement Verification Lead Commissioner Report (RPS 2014-2016 Retail Sellers Verification Report)* provides the results of Energy Commission staff's verification of renewable energy procurement claims submitted by retail sellers for Compliance Period 2 (CP 2) of the Renewables Portfolio Standard (RPS), covering the years 2014-2016.

As part of its administrative responsibility, the Energy Commission verifies the RPS procurement claims of both retail sellers and local publicly owned electric utilities. Upon finalization of the *RPS 2014-2016 Retail Sellers Verification Report*, Energy Commission staff will transmit the final adopted report to the California Public Utilities Commission to complete verification and compliance findings for retail sellers.

This report applies to three large investor-owned utilities, three small and multijurisdictional utilities, 15 electric service providers, and five community choice aggregators. The summary results included in the *RPS 2014-2016 Retail Sellers Verification Report* provide the following information for the 26 California retail sellers that reported procurement claims for CP 2:

- Total RPS claims reported (2014-2016)
- Ineligible claims, distinguished by the reason for the ineligible finding
- Withdrawn claims
- Claims eligible toward the RPS

The report also provides an analysis of the total eligible procurement claims by resource type and includes each individual retail seller's Summary Claims Reports.

On October 9, 2018, the *RPS 2014-2016 Retail Sellers Procurement Verification Staff Draft Report* was posted for public comment. No stakeholder comments were received and no material changes were made to the *RPS 2014-2016 Retail Sellers Verification Report*.

The *RPS 2014-2016 Retail Sellers Verification Report* Publication # CEC-300-2018-007-LCD was released to the public on October 26, 2018, and is available at https://www.energy.ca.gov/portfolio/documents/rps_verification.html.
