ANNUAL REPORT OF THE NEMIC MECHANICAL ACCEPTANCE TEST TECHNICIAN  
CERTIFICATION PROVIDER TO THE CALIFORNIA ENERGY COMMISSION FOR THE PERIOD  
FROM JANUARY 1, 2018 UNTIL JANUARY 1, 2019.

## Certification

During the subject period the NEMIC ATTCP certified 34 Mechanical Acceptance Test Technicians and 1 Mechanical Acceptance Test Employers. As of this date, the total number of Mechanical Acceptance Test Technicians is 220 and that of Mechanical Acceptance Test Employers 56. An up-to-date listing can be found on NEMIC's ATTCP website at [www.attcp.org](http://www.attcp.org).

## Training Updates

NEMIC applicants (ATT and ATE) have access to 11 permanent training facilities throughout California. This allows for localized training and the ability to increase available training to meet market needs.

In addition, all NEMIC Acceptance Test applicants have access to online Learning Management Systems (LMS) which provide intuitive and interactive training for initial certification, recertification, and continued access as a resource.

### **Examination Updates**

All approved examinations and certifications are monitored and maintained by the [International Certification Board \(ICB\)](#). All ATT applicants are required to take a proctored examination at one of the listed SMART training facilities. Beginning in 2019, ATE applicants will be able to take an examination directly through ICB online testing services.

## **Application Compliance**

This report certifies that the NEMIC ATTCP has met all requirements for this program as specified in their application as approved by the Energy Commission. No modifications or deviations from the approved application were made.

Planned modifications to the NEMIC application will be submitted with the 2019 Update Report to the Energy Commission.

## **Administrative Actions**

No administrative actions have been taken by the NEMIC ATTCP to correct problems with Acceptance Test Technician field performance as no complaints have been filed in accordance with Section 2.6 *ATTCP Procedures for Resolution of Complaints* of the NEMIC ATTCP Certification Manual.

## **Acceptance Tests Performed Report**

As this program is not mandatory and there is no active database and data registry to support documentation collection, attempts to compile this report resulted in insufficient data. This report will be submitted once the program is mandatory and the database and data registry are live with all pertinent details consolidated and available for summation into the required reports.

Respectfully submitted.
