Robert Kennedy  
California Energy Commission  
1516 9th Street, Sacramento, CA 95814

Dear Mr. Kennedy,

This letter is to clarify the process of updating Roseville Electric Utility's Integrated Resource Plan (IRP).

Roseville Electric Utility's 2018 IRP was adopted by City Council on June 20, 2018. Section 2 outlines Roseville's IRP process, including updating the IRP at least once every five years after adoption by our City Council. Roseville Electric Utility staff will communicate to City Council and public any factors which may necessitate an update and resubmission of the IRP ahead of the 5 year cycle, as described in Section 2.4.

Roseville Electric Utility hopes this clarifies what it believes is its 2018 IRP report's current and future intended compliance with SB 350 and specifically PU Code 9621, with an IRP update at least once every 5 years. Please contact me if the Energy Commission requires further information or clarification.

Sincerely,

David Siao  
Electric Resources Analyst  
Roseville Electric Utility
