## EXAMINATION UPDATES

All approved examinations and certifications are monitored and maintained by the [International Certification Board \(ICB\)](#). All ATT applicants are required to take a proctored examination at one of the listed SMART training centers. ATE applicants can take an examination directly through ICB online testing services.

## APPLICATION COMPLIANCE

This report certifies that the NEMIC ATTCP has met all requirements for this program as specified in their initial application as approved by the Energy Commission.

Planned modifications to the NEMIC application were submitted along with the NEMIC 2019 Update Report to the Energy Commission.

Until the CEC fully approves the NEMIC 2019 Update Report, NEMIC cannot function as an ATTCP.

## ADMINISTRATIVE ACTIONS

No administrative actions have been taken by the NEMIC ATTCP to correct problems with Acceptance Test Technician field performance as no complaints have been filed in accordance with Section 2.6 *ATTCP Procedures for Resolution of Complaints* of the NEMIC ATTCP Certification Manual.

## ACCEPTANCE TESTS PERFORMED REPORT

As this program is not mandatory and there is no active database and data registry to support documentation collection, attempts to compile this report resulted in insufficient data. This report will be submitted once the program is mandatory and the database and data registry are live all pertinent details consolidated and available for summation into the required reports.

Sincerely,

*David L. Bennett*
