CEC-70 (Revised 5/2020)

**IN THE MATTER OF:**

*Developing Regulations, Guidelines and
Policies for Implementing SB 350 and the
Warren-Alquist Act*

Docket No. 18-OIR-01

NOTICE OF REMOTE-ACCESS
WORKSHOP

RE: Title 20 Data Collection
Regulations to Support New Analytical
Needs – Phase 2

**Notice of Commissioner Workshop
Title 20 Data Collection Regulations to Support
New Analytical Needs – Phase 2**

**October 27, 2020
9:00 a.m.
Remote Access Only**

The California Energy Commission (CEC) will conduct a pre-rulemaking workshop to discuss and seek comments from interested parties regarding energy data collection to support implementation of Senate Bill 350 (SB 350, de León, Chapter 547, Statutes of 2015) and to improve California energy analytics.

A quorum of commissioners may participate, but no votes will be taken.

The workshop will be held remotely, consistent with Executive Orders N-25-20 and N-29-20 and the recommendations from the California Department of Public Health to encourage physical distancing to slow the spread of COVID-19. The public can participate in the workshop consistent with the direction in these Executive Orders. Instructions for remote participation via Zoom are below.

Access to this [workshop](#) can be obtained via the following address:

Password: 798965

Agenda

During this workshop, staff will present updated draft regulatory language related to the CEC's implementation of energy supply and demand forecasting under SB 350 and existing law. Staff will provide information on seven different regulation subject areas covering:

- 1) Electric Vehicle System Equipment (EVSE)
- 2) Natural gas system storage
- 3) Hydrogen, biodiesel, and renewable diesel production
- 4) Property Assessed Clean Energy (PACE) programs
- 5) CCR §1353 modifications
- 6) CCR §1304 wind and water electric generation changes
- 7) General regulation language updates

Additionally, staff will seek to improve regulatory language by discussing specific topic areas identified in oral and written comments.

The agenda and additional material will be [posted online](https://www.energy.ca.gov/rules-and-regulations/energy-suppliers-reporting/clean-energy-and-pollution-reduction-act-sb-350/energy-data-collection-rulemaking) at <https://www.energy.ca.gov/rules-and-regulations/energy-suppliers-reporting/clean-energy-and-pollution-reduction-act-sb-350/energy-data-collection-rulemaking>.

Background

The CEC is mandated by statute to "conduct assessments and forecasts of all aspects of energy industry supply, production, transportation, delivery and distribution, demand, and prices." (Pub. Resources Code § 25301, subd. (a)). These forecasting and assessment activities are developed as part of the Integrated Energy Policy Report (IEPR) that is mandated every two years. (Pub. Resources Code § 25302). To perform this analytical work, the CEC has statutory authority to collect and warehouse data necessary to understand the state's energy usage.

A rapidly changing energy landscape requires the CEC to update its data collection regulations periodically in order to address emerging needs, trends, and technologies. More recently, SB 350 (Chapter 547, de León, Statutes of 2015) codified reducing California's greenhouse gas emissions 40 percent below 1990 levels and two of the state's goals for reducing greenhouse gas emissions: increasing renewable electricity procurement to 50 percent by 2030, and establishing targets that achieve a cumulative doubling of statewide energy savings for all retail natural gas and electricity end-users by 2030. SB 350 also authorized the CEC to adopt data and information submission guidelines that enable the state's efforts to meet those goals. As a result, the CEC adopted an order instituting rulemaking (Order No. 16-0113-05) to develop and implement data collection regulations that support California's energy efficiency, renewable energy, and greenhouse gas reduction policies that combat climate change. This Phase 2 rulemaking effort continues those made under docket number [16-OIR-03](#).

Public Comment

Oral Comments:

Oral comments will be accepted during the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. See detailed instructions below.

Written comments:

Written comments must be submitted to the Docket Unit by **5:00 p.m. on November 13, 2020**. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

The CEC encourages use of its electronic commenting system. Visit the CEC [e-commenting page](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-OIR-01) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-OIR-01>, which links to the comment page for this docket. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document. The maximum file size is 10 MB.

Written comments may also be submitted by email. Include docket number 18-OIR-01 and "Phase 2 Rulemaking" in the subject line and email to docket@energy.ca.gov.

A paper copy may also be sent to:

California Energy Commission
Docket Unit, MS-4
Docket No. 19-BSTD-03

Public Advisor and Other CEC Contacts

The CEC's Public Advisor's Office provides the public with assistance in participating in CEC proceedings. For information on participation or to request interpreting services or other reasonable accommodations, please contact Public Advisor Noemí O. Gallardo at publicadvisor@energy.ca.gov, by phone at (916) 654-4489, or toll free at (800) 822-6228. Requests for interpreting services or other reasonable accommodations should be made at least five days in advance. The CEC will work diligently to accommodate all requests.

Zoom: [Zoom technical support](https://support.zoom.us/) is available at <https://support.zoom.us/> and you may also contact Zoom at (888) 799-9666 ext. 2, or the Public Advisor's Office via email or phone.

Media inquiries should be directed to mediaoffice@energy.ca.gov or (916) 654-4989.

Technical subject inquiries should be directed to Ryan Eggers at ryan.eggers@energy.ca.gov or (916) 651-2920.

Remote Attendance

Participants may join the workshop by clicking on the link below. The meeting may also be accessed at [Zoom](https://join.zoom.us) (<https://join.zoom.us>) by entering the Meeting ID: 953 5558 5098 and password (798965) listed below. To comment, use the "raise hand" feature. To participate by telephone, see instructions below. Please be aware that the Zoom meeting may be recorded.
