SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (Agreement) is entered into between the California Energy Commission (CEC), with its principal office at 1516 Ninth Street, Sacramento, California 95814, and Wenzhou Shengkai Sanitary Ware Co. Ltd (Wenzhou Shengkai), with a place of business at No.23 Kangle Lane Haicheng Street, Wenzhou Zhenjiang Province, China 325055, collectively referred to as the Parties.

I. RECITALS

(1) CEC's Appliance Efficiency Regulations at California Code of Regulations, Title 20, Article 4, sections 1601-1609 (Appliance Efficiency Regulations),¹ set forth the requirements to sell or offer for sale regulated appliances in California. The pertinent requirements include:

- Testing: The appliance is tested as required in section 1603, using the applicable test method set forth in section 1604.
- Efficiency: The appliance meets the required efficiency standards set forth in sections 1605.2 or 1605.3.
- Marking: The appliance is correctly marked and labeled as required under section 1607.
- Certification: The appliance is certified to CEC and appears in CEC's most recent Modernized Appliance Efficiency Database System (MAEDbS) as required under section 1606.

(2) CEC's enforcement authority includes the removal of non-complying appliances from MAEDbS, as set forth in section 1608, and the issuance of administrative civil penalties under section 1609.

(3) Wenzhou Shengkai manufactures several models of Ello & Allo brand plumbing fittings, including showerheads, lavatory faucets, shower panels with showerheads incorporated, and showerhead and handheld showerhead combinations, that it sells or offers for sale in California, either directly or through retailers or distributors.

(4) Wenzhou Shengkai plumbing fittings are subject to the testing, efficiency, marking, and certification requirements for this appliance class as described in paragraph I(1) above.

¹ All references are to California Code of Regulations, Title 20, Article 4, unless otherwise specified.

(5) From April 2019 to December 2020, Wenzhou Shengkai sold or offered for sale through retailers or distributors showerheads, lavatory faucets, shower panels with showerheads incorporated, and showerhead and handheld showerhead combinations in California, that were not listed in MAEDbS as required in section 1606. Additionally, showerhead (panel) model number PS12-S2 did not meet the efficiency standards set forth in section 1605.3(h) when tested using the appropriate test method as described in section 1604(h), and was not marked as required in section 1607.

(6) Based on the above Recitals, CEC, through adjudication, could impose penalties for each violation alleged, obtain injunctive relief to prohibit Wenzhou Shengkai from continuing to sell or offer for sale, non-compliant referenced appliances in California, and take any other enforcement action as allowed by law.

(7) Section 1609(b)(3) and California Public Resources Code section 25402.11(a)(2) identify the following factors CEC shall consider when determining the amount of an administrative civil penalty:

- The nature and seriousness of the violation.
- The persistence of the violation, meaning a responsible person's history of past violations of the Appliance Efficiency Regulations over the previous seven years.
- The number of violations arising from the course of conduct that is subject of the enforcement proceeding.
- The length of time over which the violation occurred.
- The willfulness of the persons responsible for the violation.
- The harm to consumers and to the state that resulted from the amount of energy wasted due to the violation.
- The number of persons responsible for the violation.
- The efforts of the persons responsible for the violation to correct the violation prior to initiation of an enforcement action by CEC.
- The cooperation, by the persons responsible for the violation, with CEC during its investigation.
- The assets, liabilities, and net worth of the persons responsible for the violation. This information will be considered to reduce the administrative civil penalty amount, should a responsible person or persons elect to provide asset, liability, and net worth documentation to the Executive Director to demonstrate that a reduction in a penalty amount is necessary to avoid an undue burden.

(8) Penalties must be set at levels sufficient to deter violations. In developing this Agreement CEC considered the facts of the case and applied the above factors to determine an appropriate settlement. Further, in this case Wenzhou Shengkai cooperated with CEC in the investigation by redesigning, testing, marking, and certifying their products. The efforts by Wenzhou Shengkai saved CEC time and resources in investigating the violations and minimized the impacts on the competitive business environment, and energy consumption and the environment in California, from the non-compliant units.

(9) Wenzhou Shengkai is willing to enter into this Agreement solely for the purpose of settlement and resolution of this matter with CEC. CEC accepts this Agreement in termination of this matter. Accordingly, the Parties agree to resolve this matter completely by means of this Agreement, without the need for adjudication.
