A quorum of commissioners may participate, but no votes will be taken.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

**Agenda**

CEC staff will provide an overview of the HVAC Upgrade and Repair Grants, present proposals for program requirements, and solicit feedback from workshop participants. The presentation topics will include, but are not limited to:

- HVAC Upgrade and Repair Grants Overview
- Eligibility
- Project Scope
- Project Costs
- Award Limits

A detailed schedule will be posted prior to the workshop at [CalSHAPE Program webpage](https://www.energy.ca.gov/programs-and-topics/programs/california-schools-healthy-air-plumbing-and-efficiency-program), <https://www.energy.ca.gov/programs-and-topics/programs/california-schools-healthy-air-plumbing-and-efficiency-program>.

## **Background**

Assembly Bill 841 (Ting, Chapter 372, Statutes of 2020) enacted the School Energy Efficiency Stimulus Program, which is referred to as the CalSHAPE Program, and consists of two grant programs: the CalSHAPE Ventilation Program and the CalSHAPE Plumbing Program. The CalSHAPE Ventilation Program includes the Assessment and Maintenance Grant, which provides funding to assess, maintain, and repair ventilation systems in California schools. CEC staff is developing the next phase of the program, HVAC Upgrade and Repair Grants, which will provide funding for HVAC system repairs, replacements, and upgrades.
