SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (Agreement) is entered into between the California Energy Commission (CEC), with its principal office at 715 P Street, Sacramento, California 95814, and Wenzhou Yunduo Sanitary Ware Technology, Company, Limited (Yunduo), with a place of business at 18 Gongmao South Road Wenzhou 325055 Haicheng Street, Economic Development Zone Zhejiang China, collectively referred to as the Parties.

I. RECITALS

(1) CEC's Appliance Efficiency Regulations at California Code of Regulations, Title 20, Article 4, sections 1601-1609 (Appliance Efficiency Regulations),¹ set forth the requirements to sell or offer for sale regulated appliances in California. The pertinent requirements include:

- Testing: The appliance is tested as required in section 1603, using the applicable test method set forth in section 1604.
- Efficiency: The appliance meets the required efficiency standards set forth in sections 1605.2 or 1605.3.
- Marking: The appliance is correctly marked and labeled as required under section 1607.
- Certification: The appliance is certified to CEC and appears in CEC's most recent Modernized Appliance Efficiency Database System (MAEDbS) as required under section 1606.

(2) CEC's enforcement authority includes the removal of non-complying appliances from MAEDbS, as set forth in section 1608, and the issuance of administrative civil penalties under section 1609.

(3) Yunduo manufactures and sells several models of Yunduo brand plumbing fittings that it sells or offers for sale in California, either directly or through retailers or distributors.

(4) Yunduo brand plumbing fittings are subject to the testing, efficiency, marking, and certification requirements for this appliance class as described in paragraph I(1) above.

(5) From March 2019 to March 2023, Yunduo sold or offered for sale in California through retailers or distributors kitchen faucets, lavatory faucets, and showerheads that were not listed in MAEDbS as required in section 1606 and were not marked as required in section 1607.

(6) Based on the above Recitals, CEC, through administrative adjudication, could impose penalties for each violation alleged, obtain injunctive relief to prohibit Yunduo from continuing to sell or offer for sale, non-compliant plumbing fittings in California, and take any other enforcement action as allowed by law.

(7) Section 1609(b)(3) and California Public Resources Code section 25402.11(a)(2) identify the following factors CEC shall consider when determining the amount of an administrative civil penalty:

- The nature and seriousness of the violation.
- The persistence of the violation, meaning a responsible person's history of past violations of the Appliance Efficiency Regulations over the previous seven years.
- The number of violations arising from the course of conduct that is subject of the enforcement proceeding.
- The length of time over which the violation occurred.
- The willfulness of the persons responsible for the violation.
- The harm to consumers and to the state that resulted from the amount of energy wasted due to the violation.
- The number of persons responsible for the violation.
- The efforts of the persons responsible for the violation to correct the violation prior to initiation of an enforcement action by CEC.
- The cooperation, by the persons responsible for the violation, with CEC during its investigation.
- The assets, liabilities, and net worth of the persons responsible for the violation. This information will be considered to reduce the administrative civil penalty amount, should a responsible person or persons elect to provide asset, liability, and net worth documentation to the Executive Director to demonstrate that a reduction in a penalty amount is necessary to avoid an undue burden.

(8) Penalties must be set at levels sufficient to deter violations. In developing this Agreement CEC considered the facts of the case and applied the above factors to determine an appropriate settlement. Further, in this case Yunduo cooperated with CEC in the investigation by promptly testing, certifying, and marking the units. The efforts by Yunduo saved CEC time and resources in investigating the violations and minimized the impacts on the competitive business environment in California, from the non-compliant units. Also, Yunduo demonstrated by providing financial information, that a higher penalty would cause it financial hardship. This documentation is confidential and CEC does not retain it in the regular course of business.

(9) Yunduo is willing to enter into this Agreement solely for the purpose of settlement and resolution of this matter with CEC. CEC accepts this Agreement in termination of this matter. Accordingly, the Parties agree to resolve this matter completely by means of this Agreement, without the need for administrative adjudication.
